It took 2+ months to renovate my house and never once did we have any arguments or was I dissatisfied by his work. His team is excellent. He has good knowledge about utilizing your free spaces and I would suggest to avoid paying hefty amounts to Interior Designers and Architects. Mr. Kaivalya H. Rawal

"Mr.Habib Humza means business. I am an NRI and was visiting Bombay for a relatively short time. My sea facing Juhu home had remained locked for quite a long time and was therefore in quite a dilapidated condition. I assigned the contract to Humza to repair the home in and out and bring it back to its original spick and span condition. This man spared no time and pains to deliver the results to my utmost satisfaction. He is a master in his field and knows his subject thoroughly well. I should note that I had previously obtained quotes from various sub-contractors but finally decided to go with Humza. Frankly, you can't go wrong with him. He appears to be more interested in satisfying his clients than solely focusing on his pocket. I am extremely pleased with Humza's performance and will recommend him to anyone, especially NRIs. Humza's professionalism and responsiveness was strikingly close to what I have been used to experiencing with contractors back at home in the U.S. Kudos to Habib Humza and Kudos to Creative Concepts. Good job and keep it up!!!"
